

Not just another day, it's ALPTAG!

Details for Tour B daytrip biking and hiking

You will meet our guide and board our minibus in Zurich. After app. 80 minutes we will reach Seewis, a pretty Swiss village. After a short village tour we grab our bikes and off we go, passing farms, meadows and cows, mountain brooks with a view of the mountains and valleys of Grison. In approx. 2 hrs (vertical climb of about 800m) we will reach an inn where during a brief break we'll enjoy the magnificent view of the "Raetikon" and its amazing mountains.

From here, it's all downhill. Half-way down we'll have a stop in an old, private "Walser" style house. Now it's time for our well deserved lunch with local specialities. This is followed by a digestive walk to the impressive vantage point "Fadaerastein" with its prospects of the "Bundner Herrschaft", which is a well-known wine region. On the way back to our I, we will visit a mountain farm.

Then there'll be another "zVieri" (Swiss refreshment) before our bikes will take us down to the village. An app. 80 minutes drive in our mini bus brings us back to Zurich.

What we expect to see:

On our way to Graubunden we will pass the lake of Zurich and the lake of Walenstatt. When biking we will see a typical village, farms, mountains and alpine pastures with cattle. Great views of the mountains of the Raetikon and its highest peak „Schesa Plana“ (2965m) From the vantage point Fadärastein you will have a great view of the valleys below.
